

SU GLORIA

“Not to us, oh Lord, not to us, but to your name be the glory, because of your love and faithfulness.” Psalms 15:1

MORE THAN SCOOPING POOP. ☺

A couple months back, as we saw January 15th come and go, which was our original anticipated date for us to return to Honduras, the Lord allowed us to be reading about Noah. As we looked at Noah’s obedience, God began speaking to our lives as we are “waiting” here in the U.S. for Abner’s citizenship to be finalized. When God told Noah to build the ark, He never told him how long he was going to be on the ark. We feel like this is us. God opened the door for us to come, but didn’t tell us how long we would be here. We were told the process would take between 4-6 months, Abner’s appointment is scheduled for March 9th, exactly 6 months from the day that we arrived. Pray that the oath ceremony and U.S. passport process won’t be too much longer after that. As the kids long to be back in their beds and with their friends, we keep reminding them that at least we are doing more than scooping poop and taking care of animals. This time has been a blessing, time our children won’t forget.

So, what else have we been doing? School, school and more school. As we have been homeschooling this year, it’s been a lot of fun to truly be engaged with what the kids are learning day-by-day. We try to finish curriculum learning in the morning, but we realize even more now, that life is education. There are learning opportunities all day long and its fun connecting what they are learning in the books, with what life is around them. We are still being blessed by being a part of a homeschool co-op as well. (Picture left: Kendra reading a book for speech class.)

At the end of January, Abner’s brother came to visit with his family. Ariel, Gisselle, and their two children are currently living in Argentina, but were able to come and experience the snow for the first time. The night that they arrived, grandpa had to hang up a spotlight on the garage, so everyone could sled down the little hill near the house. It was fun to experience the winter with some who had never seen it before. Abner then traveled to Miami with them, for a conference for a couple days.

Keila turned four in January and Kendra’s about to turn 6 this Friday, March 11th. You know that you have been in the U.S. a long time when we are about to celebrate 4 out of the 7 Arevalo family’s birthdays. These two girlies to the left, bring so much joy to our family with their vibrant imaginations and creativity.

This past month, I think that one word sums it all up: PEOPLE! We have been with lots of people from all walks of life. We hosted a Honduran meal with aunts and uncles and though many were weary with the invite, they all enjoyed the food. We traveled to Texas, returning to Christ for the Nations, where Abner had studied for three years and we had started our first months of marriage over 11 years ago. (Second picture right.) Between Houston, Dallas and San Antonio, we visited pastors who we had known from La Ceiba, (Third picture right: their daughter was actually Susana’s classmate for two years), stayed with other friends from La Ceiba, visited with pastors we knew from Mexico, met up with several friends that we had known from Tegucigalpa during our single days. God blessed us in giving us this trip, it was a little taste of Honduras in the U.S.

Please continue to pray for the ministry in Honduras. The worship center continues with children eager to be taught. The teams have begun going into the schools to teach sexual abuse education and we continue to believe God for the land that He has for the Restoration Center. Pray especially for Gaby Gomez who is working with us part time and has done a great job in our absence. Thank you all for your continued prayers!!!
