

SU GLORIA

"Not to us, oh Lord, not to us, but to your name be the glory, because of your love and faithfulness." Psalms 15:1

JUNE 26th...

Yes, it is June 26th and we are still here in the United States...waiting! On May 3rd, Abner submitted an appeal to the intent to deny letter that the USCIS sent us for his citizenship. Now we keep waiting believing that the next letter will state his acceptance and the date that he can attend the oath ceremony. After that, we will need to get his U.S. passport and then we will be able to head back to Honduras. Noah was in that ark 330 days, we aren't there yet. ☺

June 26th marks several other significant celebrations in our family. It was the day that Abner Daniel, 2 years ago told us that he was ready to "have Jesus." We are so proud of his love for God's word and his desire to do what is right, most of the time. ☺ June 26th, was also the day that I (Kelley) followed the Lord to Honduras for the first time 17 years ago. What I thought would be a summer, turned into a year, then another, then another, then another. A husband and five children later, we are still serving and following the Lord back to Honduras. If the truth be told, for me, after being in the U.S. for this long amongst family and people that I dearly love, going back this time kind of feels like it did 17 years ago...obedience vs. desire. The verse the Lord continues to remind me of is Luke 9:62, "Jesus said to him, "No one who puts his hand to the

IN HONDURAS
Honduras has one of the largest rates for teenage pregnancy in Central America. For every 1000 teens between 15-19 years old, 66 are already pregnant. Some of these with their first child, others already having their second. We praise the Lord that abortion is still illegal in Honduras, yet this does not prevent moms from taking their child's life. For this reason, the Lord continues to lay a heavy burden in hearts to begin the pregnancy resource center upon returning to Honduras. This center with take education, encouraging abstinence, to the high schools. We will give pregnancy tests and counsel girls. God's Word is clear that the enemy comes to "kill, destroy and steal." Whether the battle be for the mother's salvation or that baby's life, we want to see the Lord glorified in His power to save. Help us pray for the opening of this center.

plow and looks back is fit for the kingdom of God."
We know that the work in Honduras is not done. It actually, it might just be beginning. Help us pray for our hearts in this time of transition as we do believe that those papers in the mail will be here SOON!

Some cool things that have happened these past few months...we finished the school year. YIPPEE! We all survived and have actually decided to homeschool another year. (First picture right: Our reward ceremony) Susana turned 10(Second picture right), Abner turned 39. ☺ Our family took a family vacation to have a little "us" time. Thank you Pad and Melody for being willing to give up your house for a couple nights. Our kids have officially made friends in the neighborhood, and where we are staying now, has become the "hang out" place. Pool parties, sprinklers, slip-n-slides, ninja warrior obstacle courses...the cool thing that among these kids are non-believers that the Lord has brought to learn about Him.

10,000 Fathers Worship School! Abner has had it in his heart for a while to start some kind of worship school in Honduras. He's had a desire, yet no clear way of starting this. A couple months ago, he enrolled in this school in order to multiply what he learns in Honduras. Keep this in your prayers, this is going to be powerful as Honduras has lacked fathers.

Ministry Needs

Other than the Arevalo Family needs of more monthly support (\$900) and a second car (\$5000), the need that rises to the top for the ministry is a **COPY MACHINE!** With the worship center, the sexual abuse education center, and the pregnancy resource center coming soon, all this would be much easier if we could be printing our own brochures, questionnaires, lessons, etc. Can you give towards the \$1000 that we need to buy the copy machine, ink, and paper to get our "office" officially up and going? See below how you can give to any of these three needs. May God stir the heart and bless you as you respond.
